 Order
 Ordinal
 Shape
 2D/3D
 Rectangles/squares/circles/triangles
 Cuboids/cubes/pyramids/spheres

Curriculum Objectives

Place Value (within 10)

- Count to 10 forwards and backwards, beginning with 0 or 1, or from any given number.
- Count, read and write numbers to 10 in numerals and words.
- Given a number identify one more or one less.
- Identify and represent numbers using objects and pictorial representations, including the number line, and use the language of; equal to, more than, less than, fewer, most and least.

Addition and Subtraction (within 10)

- Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs.
- Represent and use number bonds and related subtraction facts within 10
- Add and subtract one-digit numbers to 10, including zero
- Solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $5 = \square - 3$
- Know the signs (+); (-); (=); (<); (>)
- Apply knowledge of number to solve a one-step problem involving an addition, subtraction

Geometry: Properties of Shapes

Recognise and name common 2-D and 3-D shapes, including:

- 2-D shapes [for example rectangles (including squares), circles and triangles]
- 3-D shapes [for example, cuboids (including cubes), pyramids and spheres]

Examples

Match the shape to its name.

cube cylinder cuboid pyramid cone sphere

Circle the triangles and tick the rectangles.

Some frogs are on a lily pad.
 Three frogs jumped off and there are three frogs left on.

Complete the sentences:

At first there were ____.
 Then ____.
 Now there are ____.

For more information, please see the Calculation Policy on the school website.
